Professional Disclosure Statement
Mr. Glenn Black, AVP for Enrollment and Student Services
Ashland Theological Seminary
910 Center Street
Ashland, OH 44805
419-289-5151

Education and Training
Master of Arts in Pastoral Counseling, Ashland Theological Seminary
Formational Prayer, Institute of Formational Prayer

I have served in my current leadership role since 2008 supervising the areas of enrollment, retention, spiritual formation, student conduct and services. Before coming to Ashland Theological Seminary in 2003 I served in pastoral ministry with the Brethren Church for a total of 14 years. I am not licensed as a Clinical Mental Health Counselor and do not provide diagnostic counseling. I am available for spiritual direction, pastoral care and formational prayer for students needing these services.

Internship Disclosure Statement
Nickole Wilson, Pastoral Care Intern
Cleveland Center, Ashland Theological Seminary

No clinical counseling or diagnosis will be performed by above-named Intern. If it is determined that professional services are required, a clinical counseling referral may be given.
1. Mr. Glenn Black, AVP for Enrollment and Student Services, Ashland Theological Seminary is my supervisor in my Pastoral Counseling internship. Any issues regarding my services as an intern should be reported directly to Mr. Black (gblack@ashland.edu – 419.289.5151)

2. Spiritual direction and the practice of the presence of the Lord are integral parts of my ministry. Spiritual Direction is defined as journeying with others who are committed to the process of spiritual transformation in Christ, helping them discern the presence and leading of the Spirit of God - the One Jesus sent as our true Spiritual Director.

3. As an intern of Ashland Theological Seminary, I will not be making any diagnoses of a professional counseling nature. However, if a student pursues individual, licensed counseling as the result of a referral, Pastoral Care Services may be continued – at the discretion of this intern and/or Supervisor.

4. I am committed to creating a safe place for Pastoral Caregiving: This includes appropriate confidentiality, except where suicide; homicide; knowledge of endangerment to others; abuse of elderly, abuse and mentally impaired; or child abuse are involved or suspected, in which case it is my duty to inform the appropriate authorities.

5. It is the goal of this Pastoral Care Ministry that students in care will schedule visits at approximately two (2) or three (3) week intervals with approximately 6-10 total visits. It is also the goal of this Pastoral Ministry that clients will become familiar with steps and practices facilitating self-care through Formational Prayer and practicing the presence of God.
